They agree on 7 of 7 picks (green) and split on 0 (amber). Bold = 70%+. Grey = no pick; the italic "off record" line is the team each model would take and its win chance, never counted in the record. QBs: each team's expected starter; a game is a no-pick when the starting QB is out or unconfirmed, and any pick whose starting QB changes before kickoff is dropped.

How far to trust them (NFL, same 887 games, 2022-2025). Engine 64.0% of winners, framework 62.6%, closing-line favorite 68.7%. One week is a small sample.

Engine: the locked college method (NFL: with the approved NFL settings), rating every offense and defense on EPA and success rate, adjusted for opponents. Framework: your Prompt Football criteria (trenches 25%, net efficiency 25%, passing 20%, situational 15%, high leverage 15%) scored from this season's play-by-play only.
